# PMDC's Environmental Policy

**PMDC** adheres to the ideals and standards of **responsible mineral development** and adopts the **best practices in environmental protection and enhancement**.

It is the policy of PMDC to ensure that the Company and its Partners/Operators strictly comply with contractual obligations and adhere to applicable environmental laws, rules and regulations pertinent to project implementation.

Aside from ensuring compliance with environmental standards, part of PMDC's commitment is to identify opportunities to implement environmentally friendly initiatives in our host and neighboring mining communities.
